Children Cry

for PITCHER'S

CASTORIA

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."
H. A. ARCHER, M. D.,
111 South Oxford St., Brooklyn, N. Y.

"I use Castoria in my practice, and find it specially adapted to affections of children."
ALEX. ROBERTSON, M. D.,
1057 2d Ave., New York.

"From personal knowledge I can say that Castoria is a most excellent medicine for children."
DR. G. C. OSGOOD,
Lowell, Mass.

Castoria promotes Digestion, and overcomes Flatulency, Constipation, Sour Stomach, Diarrhoea, and Feverishness. Thus the child is rendered healthy and its sleep natural. Castoria contains no Morphine or other narcotic property.

W. S. YAZELL,

PHYSICIAN AND SURGEON.

Office: No. 272 Second street, Fifth ward, opposite Collins & Rudy's planing mill. a21d3m

J. J. FITZGERALD,

SANITARY PLUMBER,

Steam and Gas Fitter!

Dentist,

Office: Sutton Street, next door to Postoffice.

OPIUM
and Whiskey Habits cured at home without pain. Book of particulars sent FREE. B.M. WOOLLEY, M.D., Atlanta, Ga. Office 104½ Whitehall St.

NEW SHIP MONTEREY

Successfully Launched at San Francisco.

PRESIDENTIAL PARTY PRESENT.

Mrs. Harrison Touches the Electric Button That Sends the Massive Iron Structure Into Its Future Element—How the President Passed the Day.

SAN FRANCISCO, April 29.—Shortly before 10:30 yesterday morning President Harrison and party boarded the steamer City of Pueblo for a trip around the bay. Promptly at that hour the steamer left the wharf, and started in direction of the Alcatraz island, near which were stationed the Charleston, the Fessler, the Madrono, the Corwin and the Rush. In passing the squadron the presidential salute of twenty-one guns was fired, and then the cruiser and the cutters fell behind the Puebla, and the naval procession moved slowly toward the Golden Gate.

On reaching the Golden Gate strait the water was found to be rough and the steamer did not venture outside. Just as the steamer commenced the return trip lunch was served. The Pueblo proceeded slowly toward the Union iron works, followed by the naval escort, all the vessels saluting the steamer as she passed them. When the Union iron works were reached the presidential party was transferred to a tug and taken to the cruiser Charleston, which was thoroughly inspected, after which the party returned to the iron works.

These were also examined, and at 4 o'clock the party took its station on the stand, which was erected so that it surrounded the ram of the coast defense vessel Monterey, as she lay in the ways almost ready to be launched. There were present President and Mrs. Harrison, Postmaster General Wanamaker, Secretary of Agriculture Rusk, Mr. and Mrs. Russell Harrison, Mrs. Dimmick, Governor Markham and staff, ex-Congressman Morrow, Admiral Benham, Gen. Ruger and their staffs, Mayor Sanderson and other naval and army officers and prominent citizens.

The bay in the vicinity of the works was alive with all sorts of vessels, all gaily bedecked and they in turn were alive with people. The shore was black with humanity and there must have been over 60,000 people in sight.

At fifteen minutes past 4 Rev. Dr. MacKenzie pronounced an invocation and exactly fifteen minutes later, Irving M. Scott, president of the Union iron works, gave the signal. Mrs. Harrison pressed an electric button and the ponderous mass of iron was released from its bondage and sent into its future element. At the same moment Mrs. Katie Dunn, daughter of the secretary of the works, also touched a button, which sent a bottle of California champagne flying against the side of the ship, and christened her "Monterey." The great ship slid gracefully down the ways, and as it successfully entered the water, the National airs were played and the great crowd sent up a mighty cheer. The president congratulated Mr. Scott upon his success and the party returned to the city, the landing being made at 5 p. m.

Yesterday evening Senator and Mrs. Stanford entertained the president, Mrs. Harrison and party, and a number of invited guests.

EXPRESS TRAIN WRECKED.

Two Engineers, a Fireman and a Postal Clerk Killed.

WASHINGTON, April 29.—The Cincinnati express which left Washington at 3:30 o'clock yesterday afternoon, ran into a freight train about 4 p. m. in a cut at Warrington's about twenty-five miles west of Washington on the Metropolitan branch of the Baltimore and Ohio road. Engineers Elliott and Groff, Fireman Murphy of the freight and Postal Clerk Burdette, were killed. Postal Clerk Heacock and Fireman Miller of the express were seriously hurt. None of the passengers were seriously injured.

The scene of the accident was at a short curve where the express, which was running at the rate of about forty miles an hour, found the freight train on the main track taking water. Engineer Elliott, of the express train, reversed his engine and applied the brakes, but he could not break the speed of his train before the crash came. The forward cars of both trains left the track, but none of the coaches were derailed. The postal and baggage cars and one coach of the express train and two freight cars took fire from the furnaces of the engines and were burned up. All of the killed and injured lived in Baltimore.

All through trains for the west were sent from Baltimore and Washington over the main stem via relay house and Washington Junction, so that there was little or no interruption to through travel.

Two Gamblers Fight a Duel.

ROANOKE, Va., April 29.—A terrible tragedy occurred at Marshall's cafe, in this city, at 6 o'clock yesterday evening. N. K. Flood, son of Maj. John H. Flood, a prominent tobaccoist of Lynchburg, and Charles L. Ross, who came here from Washington in February last, met there and engaged in a duel with pistols. Ross soon fell, pierced by several bullets, and died in a few minutes. Flood was shot in the mouth and breast, but will probably recover. Both men were gamblers and the shooting was the result of a quarrel at the card table six weeks ago.

Prominent Knight of Labor Dead.

CHICAGO, April 29.—Richard Griffiths, founder of the Knights of Labor in Chicago, died yesterday of heart enlargement, aged 66 years. For several terms he occupied the position of grand worthy foreman, the second highest office

OUR MINISTER TO CHINA.

Ex-Senator Henry W. Blair Will Not Be Received.

WASHINGTON, April 29.—The state department announced last night that the Chinese government has notified this government of its unwillingness to receive ex-Senator Henry W. Blair as our minister to China.

Already En Route to China.

PITTSBURG, April 29.—Ex-Senator Henry W. Blair, of New Hampshire, who was recently appointed minister to China, passed through Pittsburgh last night on his way to San Francisco, whence he expects to sail for China. He did not know last night of the report that his appointment had been repudiated by the Chinese government at Peking, on account of his anti-Chinese utterances in the senate.

When asked what kind of a reception he expected at the hands of the Chinese, he replied: "I have not the remotest idea, and indeed it gives me little concern. I have always been opposed to the emigration of the Chinese to this country and I always will be. I do not know when I will sail from San Francisco, as I have to make several stops on the way. My family will not accompany me."

BLAINE NOT A CANDIDATE.

It is Said the Announcement Will Soon Be Made Over His Own Signature.

NEW YORK, April 29.—A Poughkeepsie, N. Y., dispatch says: The News Press, of which Mr. Hinchley, formerly of The New York Graphic, is editor, publishes the following:

"Stephen B. Elkins is authority for a statement made to a representative of The News Press to the effect that James G. Blaine would shortly announce his decision not, under any circumstances, to allow his name to be used at the next Republican National convention as a candidate for president. It is said that Mr. Blaine's letter of announcement will be so positive as to admit of but one construction, and that is that he will never again be a candidate for the presidency."

The Hon. Smith M. Weed, although a Democrat, has certain business relations with men of prominence who are Republicans, and he also has said, two or three times lately, that when the time comes Mr. Blaine would be found positively declining the nomination.

"Mr. Weed had been so outspoken on the subject," the News Press says, "when talking to his friends, as to give the impression that his information was as direct as that of Mr. Elkins, who is known to be Mr. Blaine's intimate friend and closest particular adviser."

Mr. W. J. Arkell, editor and proprietor of Judge and whose associate in the ownership of Frank Leslie's is Russell B. Harrison, also says Mr. Blaine is about to come out with a most positive refusal to allow his name to be used again in connection with the presidency. In fact, Mr. Arkell expects soon to be permitted to publish the full text of Mr. Blaine's letter on the subject.

ALMOST LYNCHED.

A Negro Taken from Jail and Whipped by a Mob.

INDIANAPOLIS, April 29.—The depredations of a gang of negro toughs for the past several months in Haughville, a suburb of this city, has at last aroused the citizens of that place, and Monday evening they held an indignation meeting and decided to take decisive action to check the rascals. Monday an old negro named John Devine was held up in the street and robbed. He described his assailants so accurately that the authorities decided they could be no others than Ike and John Abbott. They were accordingly arrested and lodged in jail.

After holding the meeting Monday evening the citizens marched to the jail, took John Abbott out and placing a rope around his neck dragged him to an adjacent clump of woods. Here some of the mob were in favor of stringing him up, but more moderate counsel prevailed, and instead he was given seventy-five lashes on the back. More punishment was about to be inflicted when the wretch broke down and confessed that he had planned the robbery.

Taken In by Swindlers.

SPRINGFIELD, O., April 29.—J. A. Hoke, a New Carlisle farmer who doesn't read the newspapers, reported to the police yesterday that two strangers had worked him to the tune of over \$100. They visited him two weeks ago and sold him \$10 worth of paint. A few days later they told him that \$100 worth had arrived and to save trouble he had better pay for it. Being gullible, he paid \$25 cash and gave his note for \$76.25. The paint has failed to come, and he wants revenge in court if he can find the strangers.

Assaulted and Robbed.

ZANESVILLE, O., April 29.—Israel H. Marshall, treasurer of Blue Rock township, came to this city Monday and drew \$840 from the bank to turn over to his successor. On the way home that night he was assaulted and robbed of entire amount and then bound and gagged and thrust into an outhouse on an untenanted farm. When found yesterday morning he was insensible and has remained so ever since. His injuries may prove fatal.

Wreck—Bridge Burned.

LEXINGTON, Ky., April 29.—A drawbridge on the Cincinnati Southern road, three miles south of Junction City, was burned Monday night. Freight No. 15 going south went through the bridge, burning and demolishing twelve cars. Brakeman George Hanson was perhaps fatally injured in the wreck.

STRIKERS' TROUBLES

Serious Labor Riot in Detroit, Michigan.

ONE OF THE STRIKERS KILLED.

A Battle Between the Police and About One Thousand Strikers—More Trouble Feared and the State Militia Ready for an Instant Call—Other Labor Troubles.

DETROIT, April 29.—The striking employees of the Michigan Car company did not go to work yesterday. Instead, they gathered about the shops, and got into conflict with the police about 7:30 in the morning.

The strikers had clubs and stones, while the policemen and about one hundred faithful employees, who had been sworn as special police officers, were armed with revolvers.

About 1,000 strikers were concerned in the melee, and in the battle between them and the police one striker, Charles Kenitz, was shot in the leg.

The police seem to apprehend further trouble, and the local militia officers have made arrangements for an instant call of their men if their presence is required.

Miners' Strike Declared Off.

SPRINGFIELD, Ill., April 29.—Eben Howell, state secretary of the Illinois Federation, has received word from President Gorings at Columbus, O., that the executive board had declared off the general strike of coal miners for eight hours May 1. The real trouble in this district is one of wages. The miners are now paid sixty-two and one-half cents a ton, but the operators say they cannot afford to pay over fifty cents and there is certain to be trouble in the mines in this vicinity if the reduction is made.

Iowa Miners' Situation.

OTTUMWA, Iowa, April 29.—From the general sentiment prevalent among the miners in this section, it is safe to say that the Iowa miners will not go out May 1. The Iowa miners never asked for an eight-hour day, and say that, while thousands in the east are idle, they can get good pay for their services and be much better off by putting in full time when work is plenty. They will, however, celebrate May 1, making great demonstrations at Mystic, Albia and other points.

Five Hundred Miners Out.

WASHINGTON, Ind., April 29.—Five hundred coal miners, employed in the mines near this city, are on a strike. One week ago a driver was discharged by a boss driver, and the men came out until the driver was reinstated. They then demanded the discharge of the boss driver, and this being refused, they quit work. The present strike, it is anticipated, will be a long one, the mine owners and strikers seeming to be very determined in the stand they have taken.

In the Coke Region.

SCOTTSDALE, Pa., April 29.—Considerable relief money was distributed among the strikers yesterday.

The Frick company shipped 145 cars of coke yesterday.

Labor officials report Davidson totally idle, with reduced forces at Summit and Kyle.

General Managers Lynch and Brennan held a consultation yesterday evening, but the result of their deliberations could not be learned.

ANOTHER WAR PROBABLE.

Salvador Making Arrangements for Hostilities Against Guatemala.

CITY OF MEXICO, April 29.—It is announced that the governments of San Salvador and Honduras have arranged a treaty of alliance between the two countries. The treaty provides that in case difficulties arise between San Salvador and Honduras, they will be subjected to arbitration, and in the event of a war between either of the powers and another power, each of the countries named will admit the other's products free of duty.

The projected inter-oceanic railroad of Honduras will be accessible to San Salvador in case of war, and San Salvador will build a branch from Puerto Union to the main line, and this branch will be free to Honduras under like circumstances.

It is very plain to be seen that the object of San Salvador in effecting this treaty is to isolate Guatemala in the event of a war between these two countries. According to advices from San Salvador such a conflict is not far distant, while dispatches from Guatemala say that peace is impossible in Central America on account of the hatred of the Salvadorans for the Guatemalans.

Heirs to Two Hundred Millions.

INDEPENDENCE, Iowa, April 29.—The estate of the late Robert N. Edwards is soon to be divided among the heirs. This estate comprises sixty-five acres in the city of New York, lying in three separate parcels on both sides of Broadway, and is valued at \$200,000,000. Two of the heirs, Thomas Edwards and Mrs. Ann McDonald, are residents of this city, and are expected to receive about \$2,000,000 apiece. The property was leased for a term of ninety-nine years. The lease has just expired and the occupants have made an offer for a compromise, but the offer was not considered at all adequate and a meeting of the heirs has been called in New York to formulate a plan of procedure.

A Man's Head Torn Off.

CLEVELAND, April 29.—A horrible accident occurred at the Avery stamping works in this city yesterday afternoon. John Seivert was working at an emery wheel when it suddenly burst, tearing his head completely from his body. The head flew backward and the features were horribly mangled. Seivert was unmarried, and it is thought to have had relatives in the east.

OHIO G. A. R. ENCAMPMENT.

First Day's Proceedings of the Gathering at Steubenville.

STEUBENVILLE, O., April 29.—The features of the first day of Ohio G. A. R. encampment was large crowds, fine weather and enthusiasm over speeches. Commander-in-chief Veazey and staff, of Vermont, attended and left for Frankfort, Ky.

The session of the Twenty-fifth encampment opened at the opera house at 10 o'clock, when credentials were received. Commander P. H. Dowling delivered his address.

Commander Veazey was then escorted to the platform and made a short address. He congratulated the department on its work, and gave an explanation of the changes made in the pension department by which work has been facilitated so that claims are now being adjusted at the rate of 1,000 a day.

Ex-President Hayes then made a congratulatory address.

The camp fire was held in the opera house last night. An address of welcome was extended by Mayor Scott, which was responded to by Commander Dowling and by Ada F. Clark. Addresses were also made by W. G. Veazey and Past National President Kate B. Sherwood and S. H. Hurst, past department commander.

In the First Presbyterian church another camp fire was held. Hon. Robert Sherwood was chairman. It was addressed by ex-President Hayes and Mrs. Tyson, of Toledo.

The day of the parade promises to be the greatest day Steubenville has had for years.

An Italian Flag Taken Down.

STEUBENVILLE, O., April 29.—The G. A. R. is holding a celebration in this city. Nearly all the business houses are decorated and an Italian decorated his fruit stand in honor of the event. He hung up an Italian flag over the American. Some veterans who were passing told him he would have to take it down. He refused, when the veterans informed him that if it did not come down they would tear his stand to pieces. After that he reluctantly complied. There is still some hard feeling about the matter and the mayor has ordered all police on duty fearing a riot.

BRITISH COLUMBIA'S POSITION.

She Wants Reciprocity, but Not of the Unrestricted Sort.

TACOMA, April 29.—Premier John Robson, of British Columbia, passed through this city Monday, en route to Victoria from California. In conversation with a reporter Robson said: "As next door neighbors, we want reciprocity, but not unrestricted reciprocity. We want it as regards raw material. We are opposed to unrestricted reciprocity and commercial union; the latter, we believe, will lead to political union, which we emphatically oppose. We believe we have material to build up as great a country as yours, and want friendly rivalry. If the president honors us with a visit we promise him sincere and hearty welcome."

A Lynching Probable.

VALPARAISO, Neb., April 29.—The three men who attempted to rob the bank here yesterday and shot Banker Johnson, are under arrest. The two escapes were caught twenty miles south of here. The robbers are Jose Rudi, Frank Tobin and Elmer Nelson, young farmers residing in Cass county. Banker Johnson's wound is very serious, and if he should die an attempt will probably be made to lynch the prisoners.

Got Caught in a Belt.

SING SING, N. Y., April 29.—Frank Merritt, of this village, was killed in the plaster room of Brandreth's pill and plaster works yesterday morning. Shortly after the machinery was started he ventured too near the belt which caught him by the trousers. He was badly bruised and died within a few minutes. He was employed in the factory for over twenty-six years.

An Insane Man's Deed.

BROOKLYN, April 29.—James R. Dawson, 66 years old, of 135 Milton street, Greenpoint, who for some time past has been mildly insane, shot his wife, Milda, aged 56 years, through the cheek last night and then cut his throat with a razor. He was taken to the eastern district hospital, where it is said he will die. Mrs. Dawson's injuries are not considered dangerous.

Bezenah Dead.

CINCINNATI, April 29.—Louis Bezenah, the pugilist, died at the city hospital at 4:30 o'clock Monday afternoon. It will be remembered that Bezenah was shot by Kid Dugan in a George street bagnio about four weeks ago. Two shots took effect, one in the back and one in the stomach. His life was despaired of from the beginning, and only his great vitality kept him alive.

A Feud Murder.

ELIZABETHTOWN, Ky., April 29.—Charles Moore killed William Showers in the court house corridor yesterday morning, by filling his head full of buckshot. Ever since the murder of Mrs. Showers, two years ago, a bitter feud has existed between the two families.

Championship Sculling Match.

SYDNEY, N. S. W., April 29.—The sculling match over the Paramatta course Tuesday between John McLean of Australia, and James Stansbury, also of Australia, for the world's championship and £400, was won by Stansbury. McLean had previously claimed the world's championship, having defeated Kemp.

A party has been in Salem, Mass., trying to purchase the birth-place of Nathaniel Hawthorne on Union street, to be taken down and re-erected at the world's fair at Chicago. It is understood that the owner wishes to get \$15,000 for the house, but it is doubtful if such an exorbitant price can be secured.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & McCARTHY,
Proprietors.

WEDNESDAY, APRIL 29, 1891.

Woodford County Republicans have nominated that chronic office-seeker, Samuel D. Pinkerton, for the Legislature.

Foster's prediction that the closing days of April would be cool is coming true. There has been a light frost several mornings, but no damage has been done.

There have been three reductions in the wages of the employees of a silk mill at Patterson, N. J., in the past month. At that rate it won't take long to strike bottom.

Speaking in its market report of Pennsylvania and Ohio fleeces the Boston Commercial Bulletin says: "There has been a little, a very little, XX and above sold at 33 cents, which to-day represents the top of the market for good wool. More than one lot has been sold this week at 32 cents, the wool, of course, being heavier." This is 6 cents less than the price last August. The McKinley bill has increased the cost of foreign wools without benefiting the producers of the finer domestic wools.—National Democrat.

The friends of Colonel Clay and the friends of Hon. John Young Brown are engaged in a dispute over the result of the precinct meetings in Warren, last Saturday. Each side is claiming the county. The latest from "the field of battle," however, says:

The delegate vote of the precincts of Warren County in the convention to be held next Saturday is 143; necessary to a choice seventy-one. There are sixty-seven delegates for Brown uncontested. Sixty-one are claimed for Clay, but those from two precincts, having fourteen votes are contested. There are fifteen delegates for Clardy. Of these three are for Clay for second choice and twelve for Brown.

We give the above for what it is worth. The Democrats of Warren did wrong in disobeying the instructions of the State Central Committee. These precinct meetings will no doubt lead to a fierce and bitter wrangle in the convention at Louisville.

The Owen News says: "It is the fine tobacco that brings the high prices, while the inferior will hardly pay to haul away; therefore every farmer should only put out the amount that can be properly cultivated, and that should be given the very best attention from the time it is set until it is marketed. To put out a big crop is not only uselessly taking up the substance of the soil and a loss of labor, but is a bad practice, as more money can be realized out of a small crop properly handled."

There is good advice in the above. Every tobacco grower should aim at quality, not quantity. A small crop well cultivated and carefully handled will require less labor and prove more profitable than a big crop that has been poorly cultivated and roughly handled.

J. K. Sroufe the Man.

The Lexington Transcript has it from reliable authority that Mr. J. K. Sroufe, who has served the Kentucky Union Company in the capacity of Engineer Maintenance of Way, and Road Master, will take the position of Superintendent of the Electric Street Railway, and Engineer of the Belt Land Company at that place. The Transcript adds: "The electric railway people are certainly fortunate in securing the services of so capable a man as Mr. Sroufe. By education, experience and natural adaptation he is peculiarly suited for the work. He will regulate and adjust the electric car service and improve it to a marked degree. The superb condition of the Kentucky Union road-bed is due to the work of Mr. Sroufe. He will make Lexington his home hereafter."

The many friends of Mr. Sroufe will be glad to learn of his success in Central Kentucky.

Another Enterprise.

Maysville people are gratified to learn that another enterprise will probably soon be in successful operation here.

Mention was made some days ago by the BULLETIN that Mr. Charles Hudson, of Cleveland, O., was in town with a view of establishing a factory for the manufacture of wooden ware. A look over the field convinced him that Maysville is a good location for such an industry, and he went to work to secure what little aid he needed to place the matter on foot. His proposition was such a fair one, several gentlemen at once assured him that they would guarantee the necessary assistance.

The organization of the company has not yet been perfected, but this will likely be done in a short time, and the work of fitting up the establishment will then be commenced.

The enterprise will not come in competition with any already in operation here. There is room in Maysville for just such industries, and every encouragement should be extended them.

MUNICIPALITIES.

Provisions of the New Constitution in Regard to City and Town Governments.

MUNICIPALITIES.

Section 163. The cities and towns of this Commonwealth, for the purpose of their organization and government, shall be divided into six classes. The organization and powers of each class shall be defined and provided for by general laws, so that all municipal corporations of the same class shall possess the same powers and be subjected to the same restrictions. To the first class shall belong cities with a population of one hundred thousand or more, and the city of Louisville is hereby declared a city of the first class; to the second class, cities with a population of thirty thousand or more, and less than one hundred thousand; to the third class, cities with a population of eight thousand or more, and less than thirty thousand; to the fourth class, cities and towns with a population of three thousand or more, and less than eight thousand; to the fifth class, cities and towns with a population of one thousand or more, and less than three thousand; the sixth class, one thousand or less. The General Assembly shall assign the cities and towns of the Commonwealth to the classes to which they respectively belong, and change assignments made as the population of said cities and towns may increase or decrease, and in the absence of other satisfactory information as to their population, shall be governed by the last preceding Federal census in so doing; but no city or town shall be transferred from one class to another, except in pursuance of a law previously enacted and providing therefor. The General Assembly, by a general law, shall provide how towns shall be organized, and enact laws for the government of such towns, until the same are assigned to one or the other of the classes above named; but such assignment shall be made at the first session of the General Assembly after the organization of said town or city.

Section 164. The tax rate of cities, towns, counties, taxing districts and other municipalities, for other than school purposes, shall not, at any time, exceed the following rates upon the value of the taxable property therein, viz: For all towns or cities having a population of fifteen thousand or more, one dollar and fifty cents on the hundred dollars; for all towns or cities having less than fifteen thousand and not less than ten thousand, one dollar on the hundred dollars; for all towns or cities having less than ten thousand, seventy-five cents on the hundred dollars; and for counties and taxing districts, fifty cents on the hundred dollars; unless it should be necessary to enable such city, town, county or taxing district to pay interest on, and provide a sinking fund for the extinction of indebtedness contracted before the adoption of this Constitution. No county, city, town, taxing district or other municipality, shall be authorized or permitted to become indebted, in any manner, or for any purpose to an amount exceeding, in any year, the income and revenue provided for such year, without the assent of two-thirds of the voters thereof, voting at an election to be held for that purpose; and any indebtedness contracted in violation of this section, shall be void. Nor shall such contract be enforceable by the person with whom made; nor shall such municipality ever be authorized to assume the same.

Section 165. The respective cities, towns, counties, taxing districts and municipalities shall not be authorized or permitted to incur indebtedness to an amount, including existing indebtedness, in the aggregate exceeding the following named maximum percentages on the value of taxable property therein, to be estimated by the assessment next before the last assessment previous to the incurring of the indebtedness, viz: Cities of the first and second classes, and of the third class, having a population exceeding fifteen thousand, ten per centum; cities of the third class, having a population less than fifteen thousand, and cities and towns of the fourth class, five per centum; cities and towns of the fifth and sixth classes, three per centum, and counties, taxing districts and other municipalities, two per centum; provided, any city, town, county, taxing district, or other municipality, may contract an indebtedness in excess of such limitations when the same has been authorized under laws in force prior to the adoption of this Constitution, or when necessary for the completion of or payment of a public improvement undertaken and not completed and paid for at the time of the adoption of the Constitution; and provided further, if at the time of the adoption of this Constitution the aggregate indebtedness of any city, town, county, taxing district or other municipality, bonded or floating, including that which it has been or may be authorized to contract as herein provided, shall exceed the limit herein prescribed, then no city or town shall be authorized or permitted to increase its indebtedness in an amount exceeding two per centum, and no county, taxing district or other municipality in an amount exceeding one per centum in the aggregate upon the value of the taxable property therein, to be ascertained as herein provided, until the aggregate of its indebtedness shall have been reduced below the limit herein fixed, and thereafter it shall not exceed the limit, unless in case of emergency, the public health or safety should require. Nothing herein shall prevent the issue of renewal bonds or bonds to fund the floating indebtedness of any city, town, county, taxing district or other municipality.

Section 166. Whenever any county, city, town, taxing district or other municipality is authorized to contract an indebtedness, it shall be required, at the same time, to provide for the collection of the annual tax sufficient to pay the interest on said indebtedness, and to create a sinking fund for the payment of the principal thereof within not more than forty years from the time of contracting the same.

BABY IS SICK—The woeful expression of a Des Moines teamster's countenance showed his deep anxiety was not entirely without cause, when he enquired of a druggist of the same city, what was best to give a baby for a cold? It was not necessary for him to say more, his countenance showed that the pet of the family if not the idol of his life, was in distress. "We give our baby Chamberlain's Cough Remedy," was the druggist's answer. "I don't like to give the baby such strong medicine," said the teamster. "You know John Oleson, of the Watters-Talbot Printing Co., don't you?" inquired the druggist. "His baby, when eighteen months old, got hold of a bottle of Chamberlain's Cough Remedy and drank the whole of it. Of course it made the baby vomit very freely, but did not injure it in the least, and what is more, it cured the baby's cold. The teamster readily knew the value of the Remedy, having used it himself, and was now satisfied that there was no danger in giving it even to a baby. For sale by Power & Reynolds.

OUR NEIGHBORS.

SPRINGDALE.

Mrs. Charles Layton is on the sick list. Mrs. Albert Emmons is gradually growing worse. Miss Lula Vawter visited the Misses Redden of Maysville last week.

Some of our young folks attended church at Sand Hill Sunday night.

Tobacco plants are plentiful and there is every evidence of a large crop being set this year.

Mrs. Jesse Thompson has returned, after a pleasant visit to her friends and old home at Concord.

Our depot has just received a new coat of paint, which adds much to its looks and also to the looks of the town.

Uncle Thomas Henderson and wife, of Poplar Flat, were here Thursday on their way home from Cincinnati.

T. F. Goodwin, of Rectorville, was here last week looking at the tobacco, to see if it was worth handling.

Miss Mollie Wells, a charming young lady of Lewis County, was the pleasant guest of Miss Ida Brook last week.

A few of our farmers are about done planting corn, but many of the more slothful will continue to plant till June.

Mrs. Captain I. M. Little en route for Manchester, from her home in Madison, stopped off at this place to see relatives and friends.

C. M. Redman has so far recovered from his recent illness as to be able to sit on the bank of the creek and watch the wind blow his fishing cork.

On Saturday night, April 25, T. Farrow of Mt. Pleasant and W. N. Thompson, of Dover, spoke to a large audience at this place in the interest of the F. A. and L. U., and succeeded in organizing with quite a respectable membership. While here they were the guests of C. P. Vawter, who, by the way, is quite an enthusiastic Alliance advocate. Farrow and Thompson are regular hustlers, and don't know the meaning of the word fail. They are filled with love and zeal for the cause. Mr. Thompson remained till Monday and left many friends in this vicinity.

MAYSLEICK.

Corn planting is nearing an end.

We are having nice weather for farm work.

There is a fine opening here for a good butcher.

Our town has got entirely too dry to take salt.

News items are very scarce. Times too dull for news.

A light rain would be very acceptable about this time.

All the indications seem favorable for a dry spell of weather.

The gardens are all about made, and some vegetation is up and growing nicely.

Wm. H. Worthington sold a fine gelding at Flemingsburg last Monday for \$225.

A good two-horse wagon to ply between here and Maysville could do a good business.

C. G. Worthington, our newly-elected Police Judge, went to Maysville Saturday to be qualified according to law.

HELENA.

Farmers are busy planting corn.

Robert Harrison, of Bethel, is here on business this week.

John H. Rose visited relatives in Rome, Ohio, Saturday and Sunday.

W. L. Scott, one of the leading officials of the Tobacco Growers' Association, spoke in the interest of the farmers here Saturday night.

Several attended County Court in Flemingsburg Monday. The horse show proved to be a failure.

Mrs. Ann Lindsay, who had been ill for some time, died April 24. Funeral services at the family residence on Sunday morning by Rev. F. M. Tindler, of Mayslick. After services the remains were carried to the Maysville cemetery for interment.

Dr. Brough, while returning from Flemingsburg Monday evening, met with a painful accident. Just after he came across Fleming Creek he went down in the water, and the creek being so shallow, the buggy was run upon a steep bank and the seat broke, throwing the doctor out, falling very hard. Drs. Cook and Peck were summoned at once and dressed his injuries, which are very serious.

BERNARD.

Miss Lula Creasy spent Friday in Maysville.

Misses Allie and Mamie White spent Monday in Maysville.

Farmers have begun planting corn. Some of them are done.

Mr. Addison White has returned from Maysville, where he spent Sunday with friends.

The Misses Brodt, of Maysville, spent Friday and Saturday with their brother, Mr. John Brodt.

Miss Retta Lloyd has returned home from Maysville where she spent several days with friends.

Sunday school has opened at Stone Lick with a large attendance. There were fifty-one present Sunday.

There will be preaching at Orangeburg Sunday at 11 o'clock at the Christian Church. Services by the pastor, Rev. Ziglar.

JERSEY RIDGE.

Both of the spring schools have closed.

Mr. Collins Ricketts will begin singing school again next Sunday evening.

Miss Sadie McNutt, of Maysville, visited relatives at Lawrence Creek Sunday.

Rev. J. E. Wright will preach at Old Stone Church next Sunday evening.

The "grippe" has been doing big work on the Ridge lately. Nearly everyone has had it or has it now.

It seems like the tables have been turned on us. If we had some of that rain that was so plentiful here not long ago things would look better.

Misses Fannie and Sallie Laycock, of Russellville, who have been visiting here since the past winter and spring, returned home last week.

When Baby was sick, we gave her Castoria.

When she was a Child, she cried for Castoria,

When she became Miss, she clung to Castoria,

When she had Children, she gave them Castoria.

Greenwood's Paint Store!

Progress.

It is very important in this age of vast material progress that a remedy be pleasing to the taste and to the eye, easily taken, acceptable to the stomach and healthy in its nature and effects. Possessing these qualities, Syrup of Figs is the one perfect laxative and most gentle diuretic known.

The Sargossa Sea.

The Sargossa sea is a region in the Atlantic, about midway between southern Europe and America, extending from 21 to 23 degs. north latitude and between 29 and 45 degs. west longitude. It derived its name from a Portuguese word signifying a grape, and was so called because the seaweeds characteristic of the region bear on their branches small air cells, which in shape are not unlike the grape clusters. The weeds themselves are among the most peculiar of vegetable productions, since they have no roots, nor any signs of fructification, and are propagated by division. They float in the water, sometimes in dense masses extending for miles.

This portion of the Atlantic is a great eddy, little affected by the currents which surround it on every side, and the stillness of the water, it is supposed, has contributed to the development of the weeds in the vast quantities in which they are found. The floating masses were noticed by Columbus and his men, to whom they were a source of uneasiness, as the sailors supposed they indicated shallow water. Detached masses of the weed are often seen in the Gulf stream, and the long, yellow lines of floating weed are a sure indication of its close proximity.—St. Louis Globe-Democrat.

An Expensive Laugh.

A railroad man who knows Senator Brice intimately told this story of him: Mr. Brice for some time wanted certain matters arranged at Sandusky, but his desires were prevented by two of the younger Vanderbilts, and he finally went to them. They laughed at him, and Brice became quite angry. "Young men," said he sternly, "you must not laugh at me; I won't permit it. Your father laughed at me once and it cost him nearly \$9,000,000, and I know he had a great deal more sense than you have."

President Brice in a month's time got what he asked for at Sandusky.—Indianapolis News.

Bad Temper.

Many people consider that "bad temper" is entirely voluntary on the part of the person who displays it. As a matter of fact, it is often to a very great extent involuntary, and no one is more angry at it than the bad tempered person himself. Of course every one, whether he is born with a bad temper or has acquired one from habit, or has been visited with one as the result of disease or injury, should at least try to control it. But his friends should also bear in mind that bad temper may be, and often is, an affliction to be sympathized with, not an offense to be punished.—New York Ledger.

WANTED.

WANTED—A limited number of town cows to pasture in the Woodland pasture at the first toll gate on the Lexington pike. Will have them called for and driven out every morning and returned every evening. Proper attention will be given them. Grass is now ready. Apply at once to W. LARUE THOMAS, at Thomas' Store. a2343t

COLONEL BOB LYNN is in town, visiting relatives.

MR. J. B. NOYES offers a number of lots for sale, cheap. See advertisement.

NEARLY 500,000 brick were shipped to Lexington the past year by Mr. N. Cooper.

D. HUNT & SON'S display of dress goods and carpets would do credit to any city.

THE spring races at Lexington commenced yesterday and will continue till May 11.

ATTENTION is called to an article in another column on oxygen, by Dr. Thos. F. Allison.

THERE were three additions to the Third street M. E. Church last Sunday morning.

MR. W. LARUE THOMAS can furnish pasture for a number of cows. See advertisement.

JUST RECEIVED—Fertilizing salt for tobacco land, at Wm. Wormald's coal and salt elevators. a28d3t-wlt

THE trial of Alex. Johnson for attempting to kill his wife has been set for Monday, May 11th.

MR. N. COOPER sold Mr. D. F. Frazee, of Lexington, about 25,000 fine pressed brick this week.

MR. L. H. LONG went to Cincinnati this morning to see his cousin Marie Decca, the noted vocalist.

REV. W. J. E. COX will preach at the Methodist Church in Washington Sunday, May 3rd, at 3:30 o'clock.

IF you are going to buy a dress or carpet, don't miss seeing the beautiful line of these goods at D. Hunt & Son's.

BILIOUSNESS, constipation, torpid liver, etc., cured by Miles' Nerve and Liver Pills, 50 doses 25c. Samples free at J. J. Wood's.

ABOUT one hundred men and boys witnessed the performance of the Fay Foster English Gaiety Company last night at the opera house.

LADIES, you should see the great variety of odd spoons, after coffees, teas, ice creams &c., in artistic designs, at Ballenger's jewelry store.

MRS. FRANCIS DAULTON, of West Second street, rested well last night, but is still very weak. She met with a painful accident a few days ago.

MRS. S. B. WADSWORTH, teacher of vocal and instrumental music at Sullins College, Bristol, Tenn., is complimented very highly by the Courier of that place.

A FULL stock of the best galvanized barbed, galvanized plain and plain annealed wire can always be found at Frank Owens Hardware Co.'s establishment.

THE most complete thing ever made for fencing, gates, arbor, trailing vines, &c., is the "Hathaway" fence wire. For sale by Frank Owens Hardware Company.

MOSE DAULTON & BRO. sold to A. H. Tyson, of Chester, Penn., two coach and one combined horse, all bays and sixteen hands high. Mr. Nat Wood sold a bay horse to the same party.

THE People's Building Association will open May 2, from 6:30 to 8:30 p. m., (office Court street) to receive first payment of dues. Pass books can be obtained from Robert L. Baldwin, Secretary.

THE Christian Church was comfortably filled last evening on the occasion of Rev. C. S. Lucas' lecture on "Dancing and Dancers." He will talk next Tuesday night on "World Building."

HON. E. KENTON, of Robertson, has a cow that has given birth to three sets of twin calves in succession. The first set, as yearlings, brought \$56. The sire of the remarkable cow was a twin calf, as was also the mother.

A YOUNG tramp was in town this morning trying to work the "scalded-arm" swindle. Mayor Pearce advised him to get out of Maysville at once, and he traveled. Deputy Marshal Downey escorted him a few squares.

JUDGE WALL and wife, Dr. Reed and wife, Mrs. Lucy Keith and several others went to Cincinnati this morning to hear Miss Mollie Johnson, better known as Marie Decca, who sings at a concert to be given this evening at the Odeon by the National Marine Band.

MR. JOHN STEVENSON, an old and respected farmer, died suddenly this morning at his home near Murphysville, of neuralgia of the heart. He was in the seventy-eighth year of his age, and leaves a wife and five children. Due notice will be given of the funeral.

ROBINSON'S show will pitch its tents at this place a week from to-day. It opened the season at Cincinnati Monday, and the Enquirer says: "The entire show is of general excellence, and John Robinson in declaring that he would give one of the best shows on earth this year did not exaggerate."

DR. QUANTZ, V. S., who recently located in Maysville, has been very successful in a number of important cases in Mason and Fleming counties, and is fast building up a large practice here. He is a graduate with high honors of the Ontario Veterinary College, and had several years practice in Canada before coming to this State. d&wt

THE New York World announces that the veteran Dan Rice will re-engage in the show business. A striking feature will be the band. Dan has no faith in the average circus band, with its monotonous and stereotyped tunes, and will introduce a large number of soloists, who will rival at its best, the famous bands of Julien, Goddard, Gilmore and Cappa. The men will be attired in a gorgeous uniform and concerts in towns of exhibition will be a striking feature.

Oxygen.

Of all the original elements which compose the earth, the air and the water, oxygen is the most important and may be called the king.

Alone, it is colorless, tasteless gas, but in innumerable combinations it helps to form all solids and liquids. It forms one-fifth of the atmosphere we breathe, about one-half of the earth's crust and about nine-tenths of the water we drink.

It is, according to Faraday, the most magnetic of all gases. It is, among gases, what iron is among metals.

Oxygen is the life-giving element. It is absolutely necessary that we have a supply of oxygen, in order to sustain life. We may live for several weeks without taking food, but if robbed of a due supply of oxygen for a few minutes, death is the inevitable result. Oxygen is the great vitalizing agent.

Oxygen, in passing through the human system, serves the double purpose of carrying life and energy to the various organs, and, at the same time, destruction to impurities, such as diseased germs, which are present in many morbid conditions.

Oxygen in different proportions, in combination with other gases, and medication in the form of vapor, are now prominent factors in the hands of the enlightened physician or specialist in the treatment and care of diseases of the air passages and lungs which were formerly considered incurable.

As prescribed and used by the experienced specialist, it enriches the blood, revitalizes the entire system, improves the circulation, causing the blood to flow equally to all parts of the body, thus relieving local congestion. It helps the appetite, aids digestion, purifies the blood, and, what is of the greatest importance, it expands the lungs, thus rendering it possible for the patient to take a greater quantity of air into the lungs, thereby greatly lessening the chances of pulmonary consumption.

The inhalation of compound oxygen, at home, does for the invalid, in a short time, what a prolonged residence in the mountains accomplishes, and it will, with the aid of proper balsamic vapor, effect a cure in a large majority of cases. It is simply nature's method, giving nature a chance to recuperate, instead of overburdening the system with nauseous drugs.

At a meeting of the American Climatological Association, held in Baltimore a few months ago, the leading specialists recommended the inhalation of oxygen and the balsams, thus giving the treatment the very best possible endorsement. The treatment as successfully used by the enlightened specialist can be tried and tested at my Maysville office without charge, any day or evening until May 12th, at which date I shall leave for my Boston office. Respectfully,

THOS. F. ALLISON, M. D.,
Throat and lung specialist, corner Third and Sutton, (at Miss Nancy Wilson's.)

ITEMS FROM LEWIS.

The Bulletin's Weekly Budget of
News From the Town of
Vanceburg.

Correspondence of the BULLETIN.

VANCEBURG, April 27, '91.

Col. A. A. Wadsworth paid us a short visit on Sunday.

John Whitaker, of Maysville, was at Squire Bell's court Friday and entertained the audience by his pleasing and mellifluous voice.

La grippe has been severe here as elsewhere, but the weather has been so fine that it is believed and hoped its direful effects have about ceased.

At the assignee's sale of the C. C. Goodwin stock, near Esculapia, everything offered brought fair prices and it is believed that the creditors will receive about 100 cents on the dollar.

There was a premature explosion at the cut on head of Trace and Smith creeks, in which four men were burned, Pat Hannon being among the number. No serious results are apprehended, however.

Farm work is progressing nicely, fruit was never more promising, wheat is in excellent condition and all nature is aglow with the vigor of life. Surely no one ought to linger "in the gloaming" now.

The degree of Mark Master was conferred on five candidates on Saturday night by Burns Chapter No. 74, R. A. M. Thursday night next the Royal Arch will be conferred and a banquet given at the St. Charles.

Superintendent Frazier's private car with a number of Cincinnati capitalists was here last week and made a trip over the Kinniconick Road. They were highly pleased with the prospects of the new road, &c.

The friends of Colonel Brown and John S. Rhea are evidently trying to "boom" their candidacy by holding conventions prior to the time named by the State Democratic Executive Committee. Such action should, however, prove a boomerang, as it partakes of the tricks of the wily politician and deserves to be severely condemned by fair-minded men.

Colonel George W. Bruce, Sr., died Friday evening at 8 o'clock, as a result of an accident some days before to one of his feet. Gangrene set in and the foot was amputated, but this did not stop the disease and on Friday afternoon his leg was taken off just below the knee. He never rallied from the effects of the operation. Deceased was one of the pioneers of the county and leaves a large circle of relatives and friends to mourn his departure. He was buried by the Masons of this city and the funeral was largely attended.

Stock and Crop.

It is estimated there are \$260,000 worth of hogs and cattle being fed at the distilleries in Anderson County.

Preparations are being made in Woodford County for a large acreage of tobacco. Better reduce the acreage and improve the quality.

The most successful sale ever held at the Belle Meade Stud, in Tennessee, took place this week. Forty-three yearlings brought \$47,425, an average of \$1,103.

According to the Federal census returns, Kentucky, with 225,403,041 pounds, produced one-half the tobacco crop of the Union in 1889. Ten years before she produced 171,120,784 pounds.

The Owen News reports the following sales of tobacco last week: 23,000 pounds at 12 cents; 8,000 at 12 and 6; one crop at 12½, 10 and 2; 5,000 pounds at 10, and 4,000 at 18 cents. The last is the highest price paid by a local buyer in that county.

River News.

The new Henry M. Stanley got away with the Bonanza in a test of speed on her last trip up.

The Joe B. Williams is en route to New Orleans with 915,000 bushels of coal, the biggest tow ever taken South.

The Bonanza for Pomeroy and Stanley for Charleston will pass up to-night. The Sherley and Keystone State will pass down this evening and the Bostona late to-night.

The steamboat war in the Madison and Warsaw trade is at an end. The Mail Line Company bought the Hattie Brown and have placed the Lee H. Brooks in the Vevay and Lawrenceburg trade.

Letter List.

The following is a list of letters remaining in the postoffice at Maysville, Mason County, Ky., for the week ending Tuesday, April 28, 1891:

Alexander, Mrs. Belle	Mattingly, Annie
Banks, Annie	More, Will
Boone, J. T.	Price, Mrs. Maria
Bowers, Chas. L.	Shupe, Annie
Browning, Robt. C.	Shannon, Hen.
Dixon, Wm.	Turner, E. A.
Dolost, Maggie	Vane, Albert
Hise, James	Whitney, T. L.
Hughes, Sarah	Wood, Mrs. May
Kirk, Fannie	Wood, Mrs. Lucy
Lashbourne, T. M.	

Persons calling for any of the above will please say advertised.

THOS. A. DAVIS, P. M.

Here and There.

Mr. E. B. Lambden has returned from Hot Springs.

Mr. H. C. Boughten, of the C. & O., was in town last night.

Miss Ella Fleming, of Millersburg, visited friends here yesterday.

Mrs. R. K. Hart and children, of Fleming County, are visiting her parents, Mr. and Mrs. J. T. Frazee, of Fourth street.

A Hung Jury.

The jury in the Tolle-Cooper slander suit were discharged this morning, not having been able to agree on a verdict. They "hung" on the amount of damages they thought plaintiff was entitled to, it is reported.

The dog poisoner is abroad these nights at Paris. Thirteen dead curs were counted on the streets Monday.

MOLTKE'S FUNERAL.

Sad Services Over the Remains of the Great General.

ALL GERMANY IN MOURNING.

The Pomp and Pageantry of War in Berlin's Streets—Emperor, King and Grand Dukes Follow the Hearse to the Depot. Other Foreign Events.

BERLIN, April 29.—The funeral services over the remains of Field Marshal Count von Moltke took place at 11 o'clock yesterday morning in the ball room of the general staff building, in which building the veteran died and where his body has been lying in state. Emperor William, the King of Saxony, the Grand Dukes of Baden, Saxe-Weimar and Hesse, the principal members of the royal families of Germany, together with the leading German generals, were present. The services lasted forty-five minutes.

The casket containing the great field marshal's remains was then carried with much ceremony to the hearse, which was drawn by six of the emperor's white horses. After passing through the streets, lined with troops and packed with spectators, the remains arrived at the Lehrte station at 1 o'clock in the afternoon, and were placed upon a railroad car, draped in black, which was there in waiting.

At the hour for the start of the procession the general staff headquarters was crowded with nobilities, including the Kaiser, the King of Saxony, the Grand Dukes of Baden, Weimar and Hesse, and the principal members of the royal family. The generals of the German army, and the officers' corps and men prominent in the civil and military life of the nation, passed along in succession, but the people looked in vain for the familiar form of Prince Bismarck.

He had telegraphed his regrets that his illness compelled him to remain away. So, amidst lines of troops presenting arms, crowds of people, many standing bareheaded, and saluted by the rolling of muffled drums, the booming of guns, and the tolling of bells, the flower-covered casket was borne to the train which was waiting to convey it to the place of unpretentious interment at Creisau.

Along the route of the procession to the railroad station the hearse was preceded by Col. Gossler, carrying Count von Moltke's field marshal's baton, and by all the officers of the general staff carrying the insignia and orders conferred on Count von Moltke during the course of his distinguished career. The casket was covered with large numbers of floral wreaths sent from all parts of Germany and from many parts of Europe.

Tithe Auctioneer Robbed.

LONDON, April 29.—A lively tithe riot is reported from Cardinal, Wales. An auctioneer under the protection of the chief constable was engaged in selling farm produce for unpaid tithes when a crowd of assembled people determined to put an end to the sale. They were armed with eggs of a veteran vintage, and with these they began bombarding the auctioneer and chief constable. Those parties were soon plastered with the odorous stuff, but tried to drive away the crowd by threats of prosecution. This enraged the people more and they set fire to the furze, and seized the auctioneer and tried to duck him in an adjoining pond. He pleaded and promised to give up tithe sales, if they would let him go, which they did.

Monument of Mediaeval Germany.

BERLIN, April 29.—One hundred thousand Germans have joined in requesting the Bavarian authorities to preserve the castle walls of Nuremberg, where a work of demolition and renovation has been in progress. The regent, Prince Luitpold, has decided, after consultation with the ministry to grant the request and the walls will be spared as a monument of mediaeval Germany.

Manipur Deserted.

LONDON, April 29.—A Calcutta dispatch says that the British columns, upon entering Manipur, found the place totally deserted, the magazine exploded, and the place wrecked and stripped of valuables. A ghastly sight in the enclosure were the heads of the Quinlon party. The rajah, senaputty, princes and inhabitants had fled to the north-east.

Killed Two Hundred of the Enemy.

CALCUTTA, April 29.—Advices from Gen. Graham state that his column surprised about 15,000 Manipuris on Saturday in an entrenched position, and after a severe hand-to-hand engagement, drove them from their earthworks and put them to flight. The enemy lost 200 men. The British had but one officer killed and four officers wounded.

Explosion of Dynamite.

ROME, April 29.—An explosion of dynamite in the factory of Lengro, near Genoa, killed five girls, fifty others being more or less injured.

Rescue of a Child.

INDIANAPOLIS, April 29.—Some six months ago Mrs. F. P. Frank, of Danville, Ill., deserted her husband and ran away with a tramp, taking with her a 6-year-old son. It appears that they came direct to this city, where their money gave out, and they applied to the township trustee for assistance. By degrees the officer found out the circumstances of the case and the child will be at once returned to its father at Danville.

Stenographer Suicides.

LEROY, N. Y., April 29.—William D. Biggs, stenographer in the office of The Gazette, committed suicide yesterday by hanging while temporarily insane. He had just recovered from a severe attack of measles.

Assignment of Rubber Goods.

CINCINNATI, April 29.—A. C. Cattell, doing business as A. C. Cattell & Company, dealers in rubber goods at 150 West Fourth street, assigned to Oris P. Cobb. The assets are \$8,000; liabilities \$18,000.

APPEALING TO THE COURT.

Phoebe Cousins Objects to Being Removed from Her Office.

CHICAGO, April 29.—Miss Phoebe W. Cousins yesterday morning applied to the circuit court to prevent her removal as secretary of the ladies' board of the world's fair. Her bill makes President T. W. Palmer and other members of the board of control of the National commission, and Mrs. President Palmer and Susan Gale Cook, secretary of the woman's executive committee, defendants.

She seeks to enjoin them from taking any action in reference to the confirmation or approval of the proceedings of the executive committee of the ladies' board and from in any way interfering with her as secretary.

EXPENSIVE PASTIME.

Florida's Senatorial Contest Liable to Cost the State \$15,000.

TALLAHASSEE, Fla., April 29.—The report of the committee appointed to investigate the charges of bribery will, it is believed, not be presented until tonight. It is said that the committee has unearthed some sensational details. The Call men expect to benefit by the report, and some of his most sanguine adherents predict that it will change at least ten votes in his favor.

The people are highly indignant over the dead-lock in the legislature over the senatorial fight. Every joint ballot costs the state \$200. At this rate, if the dead-lock continues to the end of the session, it will cost the state \$15,000.

In three ballots taken last night in the Democratic senatorial caucus there was but little change in results, the last standing: Call 51, Speer 37, Bloxham 3, Long 3, Blank 3.

Grant's Old Log Cabin.

St. LOUIS, April 29.—The historic old log cabin in St. Louis county which the late General and President U. S. Grant erected with his own hands, and with logs cut and hewn by himself, is about to be removed from its present site and shipped to Chicago, where it will be erected for exhibition at the world's fair. The cabin now stands on an eighty-acre tract of land, about ten miles southwest of this city and five miles west of Jefferson barracks.

Read to the Soldiers.

WALLA WALLA, Wash., April 29.—At parade last evening the commanding officer at this post had a dispatch read from Gen. Ruger, commanding the division of the Pacific, expressing the sense of grief of President Harrison at the act of the soldiers in lynching Hunt, the gambler, Friday night, and declaring the necessity of better conduct in the future, and a full explanation of the crime. Private Miller who was shot by Hunt died yesterday evening.

Gambling to Be Stopped in Chicago.

CHICAGO, April 29.—Mayor Washburne's first official act on entering upon his duties yesterday was to issue an order to the police department to close up every gambling house in Chicago. In an interview the mayor said that in case the men detailed to do the work should miss any place in which gambling is carried on, and which shall be afterward found out by newspaper men or anybody else, he should have those men discharged.

Valuable Horses Burned to Death.

PERTH AMBOY, N. J., April 29.—Fire yesterday in Compton's livery stables, occupied by Thomas Rebling, a contractor, destroyed the stock, including nineteen valuable horses and many vehicles. The flames spread to the adjacent property and destroyed a stable belonging to Dr. J. G. Wilson, another owned by J. S. Watson, and a second belonging to John Hall. The total loss will exceed \$25,000 with \$12,000 insurance.

American Vessel Fired On.

SAN FRANCISCO, April 29.—The schooner Fred E. Louder, American, from Taltai, Chili, forty-six days out, arrived here yesterday. Her captain reports that the Louder entered the harbor one evening in February. While entering she was fired on by Chilean battery. Several shots were fired at her, none of which took effect. The vessel was mistaken for one of the insurgent's gunboats.

Thrown from a Buggy and Killed.

SOUTH BEND, Ind., April 29.—Mrs. Thomas Longley, with her husband, was driving to church. As they crossed the street car track the kingbolt of the buggy broke, letting the body down and throwing the occupants out. Mrs. Longley's neck was broken, and she died in a short time.

Railroad Trestle Burned.

NORWALK, O., April 29.—The long wooden trestle of the Wheeling and Lake Erie road, two miles east of this place, caught fire yesterday from the sparks of a passing locomotive and about twenty feet of the trestle was burned. Trains were delayed about two hours.

Crushed by a Falling Tree.

PLAINFIELD, Ind., April 29.—Asher Kellum, living four miles distant, who was crushed by a falling tree three weeks ago, is dead. He was a life long member of the Friends' church and a prominent horticulturist.

Hundreds of People Victimized.

LAPORTE, Ind., April 29.—The authorities are looking for two young men who have victimized hundreds of people here and elsewhere with a preparation which they claimed, when placed in lamps, would cause the kerosene to burn twelve months without necessity of refilling the lamps. The stuff was nothing more than powdered charcoal wrapped in little red papered slips.

Died of Exhaustion.

AMO, Ind., April 29.—Mrs. Sally Masten, one of the old residents of this county, died yesterday morning of exhaustion incident to old age. She was aged 93.
